github.com/joaquinmezzano

Computer science student and programmer with experience developing web and desktop applications. Passionate about leveraging algorithms, data structures, and software engineering best practices to design efficient and scalable solutions.

EDUCATION

2021-2025

Computer Science Analyst - *Universidad Nacional de Río Cuarto (UNRC)*

- Degree completed.
- Developed strong foundations in programming, databases, algorithms, computer architecture, and operating systems.

2021-PRESENT

Bachelor's Degree in Computer Science - *Universidad Nacional de Río Cuarto (UNRC)*

- Currently pursuing.
- Currently focusing on computation theory, optimization, artificial intelligence, and advanced software development.

SKILLS

- **Programming Languages** -> Java, C and C++, Python, Ruby
- **Frameworks & Technologies** -> SQL, React, Flask, Node.js, Sinatra, Ollama (LLM API Integration)
- **Tools & Version control** -> Git, GitHub, Linux
- **Core competencies** -> Algorithmic problem-solving, mathematical optimization & analysis, frontend & backend development, teamwork & effective communication

PROJECTS (IN GITHUB)

- **Cooking With IA** (LLM training project integrating image recognition and database management.)
- **F1 Quiz & Learn** (Database-driven web app with user management and scoring system)
- **La Alquimista Hiperbórea** (E-commerce platform with shopping cart, product catalog, and payment integration)
